CONGRESS.

The Visitors in the Senate Gallery Get Impatient and Clap Their Hands to Open the Show.

WASHINGTON, Dec. 30.—When the senate convened this morning at 10 o'clock there was such a small attendance that attention was called to the fact of the absence of a quorum. The roll call showed the presence of seventeen senators; and the sergeant-at arms was directed to request the attendance of absentees. It was 11 before a quorum was secured and before the journal of yesterday was read. The galleries, however, were crowded with visitors, principally excursionists from among the public scool teachers of New York and Philadelphia. Their presence was recognized by the chaplain, who, in his prayer, asked a special blessing for the "great army of men and women gathered in our schools, and colleges and seminaries."

During the long wait there suddenly came from one of the galleries a general hand clapping as a sign of impatience that the performance was so slow to begin. It was quietly rebuked by the vice-president and there was no repetition of such a violation of senatorial decorum.

The credentials of Frederick T. Dubois, as a senator from the state of Idaho for the term beginning March 4 next were presented and referred. Mr. Reagan gave notice of two amendments to Mr. Aldrich's closure resolution. The senate then resumed the consideration of the elections bill, and Mr. Hoar continued his speech in its advocacy.

Senator Wolcott followed Mr. Hoar and spoke briefly against the elections bill, giving reasons why he would vote against it. This is the second break in the republican ranks.

After the chaplain had delivered a brief prayer, and after the journal of last day's session had been read and approved the house adjourned until Friday.

Senator Hale, the chairman of the senate committee on the census, said this morning that he intended to call his committee together early next week for the purpose of considering the apportionment bill. Mr. Hale feels certain that the committee will report in favor of the aggregate membership proposed in the house bill (358) for that proposed in the amendment offered by Mr. Davis (359). The states which gain in representation by the proposed increase in membership are Minnesota, Arkansas and New York. The two first named are represented on the census committee and they will use every effort to have the Davis amendment reported favorably to the senate.

Mr. Reagan gave notice to the senate to-day of some amendments which he will propose to the Aldrich previous question rule. Mr. Reagan will propose to strike out the provision that no motion except to adjourn or take a recess, shall be in order after it has been decided to close debate, and to insert in place of it the following: "After the senate shall have decided to close debate as herein provided, no motion shall be in order except a motion to amend the pending bill, and five minutes' debate may be allowed for and five minutes against such amendment, or a motion to adjourn, or to take a recess."

FIRE IN LONDON.

Big Flames Excite the Populace and Do $1,500,000 Damage.

LONDON, Dec. 30.—A terrific conflagration has broken out on Queen Victoria and Thames streets in the intersecting thoroughfares in the great business quarter of the city. A large number of warehouses are already on fire and the flames are rapidly spreading. A general alarm has been sounded.

Fourteen engines have already responded to the alarm and others are hurrying to the scene. The high wind which prevails has thus far rendered futile the efforts of the firemen to prevent the spread of the flames, or even keep the raging element under any sort of control. A large paper warehouse, a number of fancy goods stores and the Gulcher engineering works have already been destroyed, and the great fur emporium of Revillon Freeres has been reached by the fire and is doomed.

The fire is now rapidly working out towards the building occupied by the offices of Salvation army. An enormous throng of people assembled here give the police plenty of work in keeping them back from danger from crumbling masonry. As the flames shoot out toward the Salvation army quarters they fitfully and ominously play across and illuminate the great sign in front of the building which bears the legend, "Blood and fire."

LATER.

The Welch church has been added to the edifices destroyed. The high wind which prevailed has considerably subsided, and this, added to the almost superhuman efforts of the firemen, who man the twenty-nine engines now at work, has prevented the ignition of the Salvation Army headquarters, a catastrophe which an hour since seemed inevitable.

The firemen now seem to have control of the situation, as the flames have ceased advancing, and great streams of water from the large force of engines gathered in the vicinity are rapidly reducing the lately fiercely burning buildings to masses of cinders and charred frame work. Thus far no reports have been received at either police or fire headquarters of loss of life as a consequence of the conflagration. The damage done is roughly estimated at 300,000 pounds.

PANIC REIGNS

Among the Settlers Who Are Fleeing in Every Direction to Escape Impending Massacre.

RAPID CITY, S. D., Dec. 30.—The latest advises from Pine Ridge are to the effect that ten soldiers were killed in yesterday morning's fight and fifteen wounded. Out of 120 in Big Foot's party, at least seventy are reported either killed or wounded. One troop returning to the agency is reported as having been fired upon with damages. Gen. Miles will leave here to day for Pine Ridge to take command in person, and be nearer the base of operations. The Indians at the agency are reported restless and in an excited condition and great care will have to be taken to prevent further trouble from these on their way in from the Bad Lands numbering from 300 to 400.

RAPID CITY, S. D., Dec. 30.—Panic reigns supreme between here and the camp of the government troops on Wounded Knee creek, the scene of yesterday's bloody battle with Big Foot's treacherous band. Settlers are fleeing in all directions to escape the impending massacre, and the roads are crowded with terror-stricken women and children. In the vicinity of Pine Ridge Agency the greatest fear prevails.

Five thousand Sioux are encamped in a circle around the agency building, and if an uprising occurs, as now seems only too probable, nothing can save from an awful death the corporal's guard of infantry men sent from Omaha to guard the ranch. Every succeeding hour makes the danger more imminent. From midnight until early this morning, desultory firing in the outskirts of the agency warned the brave defenders of the agency buildings that their hours of safety are numbered.

Little Wound and Two Strikes, inflamed to a vengeful passion by the news of Big Foot's fatal treachery, are reported to be massing their bands for instant attack. The Indian police already have had lively skirmishing with the hostiles in the vicinity of School Building. If an attack is made the result will be the instant destruction of the entire camp, as all the buildings are of wood and they are in an almost defenceless condition.

Everything is hoped for upon the arrival of General Miles, who is on his way to the scene of danger. A panic also prevails at Rushtown, but it is thought the railroad towns are not at present in danger.

WASHINGTON, Dec. 30.—The following dispatch from Agent D. F. Royer, dated Pine Ridge Agency, December 29, was received here this morning by the commissioner of Indian affairs:

On Wounded Knee Creek this morning, while the soldiers were disarming Big Foot and his band after their surrender, a fight took place, which resulted in the killing of about 300 Indians and several of the soldiers, including Captain Wallace, with a number of wounded.

Two Strike and his party, who were camped on White Clay Creek, just below Red Cloud's house, opened fire on the agency from the hill tops, opposite the boarding school, wounding two soldiers. The police returned the fire, killing two of the Two Strike Indians and wounding two others.

Two Strike and his band have retreated in a northwestern direction from the agency, and it is supposed he is trying to make his way back to the Bad Lands. Thus far the Pine Ridge Indians have taken no active part in the war, but Big Foot, Slow Bear, Kicking Bear and the Two Strike band have been and are active in the disturbance."

IN A DRUNKEN SLEEP

Was the Night Guard and Four Prisoners Escape From Jail.

CINCINNATI, Ohio, Dec. 30.—Four prisoners in the Newport jail by a daring and well arranged plot, succeeded in making their escape at an early hour last evening. It was about 8 o'clock that Officer King reported that he had discovered a large hole dug under the wall of a building very close to the prisoner's quarters, and suggested that it would be well to look into the matter at once. The officers in charge made an investigation and found Charles Turner, the night guard, in a drunken sleep, and the prisoners, Frank Gerwa, Barney Welsh, Z. Robinson and Billy Dwyer, missing. The cell room floor was paved with brick, and after several had been removed, it was an easy task to tunnel under the wall of the building. It was plain, however, that the prisoners had some assistance and suspicion naturally rested upon the jailer's son, Turner, who was night guard.

SMUGGLER CAPTURED.

The King of Smugglers Caught in Olympia---Prisoners Break Jail.

SEATTLE, Wash., Dec. 30.—LaBelle, "King of Smugglers," was captured yesterday in Olymphia. LaBelle formerly operated largely in Michigan. He had a store at Port Huron, Mich., and owned a schooner on the St. Clair river. He shipped opium from Victoria to Sarnia, opposite Port Huron, and then smuggled it across the river in his schooner, hiding it in the basement of his store. About two years ago he was arrested at Port Huron, but escaped from two special officers who were conveying him to Detroit. Since that time custom officials have been searching all over the United States for him.

It is thought the fugitives are making toward the border line.

BAD COUNTY CLERK.

ALBANY, N. Y., Dec. 30.—Specific charges against Daniel E. Conway, county clerk of Rensselaer county, were filed with Governor Hill by Supervisor Dunham, of that county, yesterday. Conway is charged with inserting fraudulent items in his bills, including bills for election; expenses of courts, etc., were enlarged. It is charged that he also exacted fees for the recording of judgments, decrees and suits. It is asked that the governor give a hearing, and that upon proof of the matter being presented, Conway be removed from office.

SLASHED WITH A KNIFE.

Horrible Cutting Affray in Pennsylvania--Confession of a Murder.

BEAVER FALLS, Pa., Dec. 30.—News of a horrible cutting affray reached here yesterday from Clinton, a small mining town north of this place. On Friday night Edward Melvoy and James Grundy got into a fight and the latter attacked Melvoy with a huge knife. Melvoy was literally cut to pieces before bystanders could interfere and disarm Grundy. A man named Campbell was badly cut while assisting in disarming Grundy. Grundy escaped during the excitement, but as he is well known his capture is only a matter of time. Melvoy is hovering between life and death.

MEDFIELD, Mass., Dec 30.—A sensational statement, purporting to be the confession of David Stain of the facts in connection with the death and robbery of Cashier Barron, of Dexter, Me., First National bank, is made by Mark Revel, who claims that Stain related them to him exactly as he now states them. Revel says that Stain told him that the robbery was planned between Stain and New York parties about three months before it was attempted. Stain said that they did not intend to kill Barron, yet as Barron was a strong man violence was necessary to overpower him. Administering morphine to him, they placed him in the vault in which he was found. Stain always claimed, says Revel, that it was the morphine which killed Barron. Stain never thought he would be caught for the act.

Sad Death of a Young Man Who Was Soon to Have Been Married.

LAS VEGAS, N. M., Dec. 30.—Last night an ice train of sixteen cars and caboose coming down from Hot Springs, was wrecked by running into an open switch in the yards at this place. A. K. Nones, general manager of the Las Vegas Ice company, was instantly killed, and a brakeman named Merritt was slightly injured. Mr. Nones came here two years ago from Louisville, Ky. His death is peculiarly sad from the fact that he was soon to have married a young lady of this city.

PARIS, Tex., Dec. 30.—An attempt was made to wreck the north bound Frisco passenger train between this city and Arthur last night. Some miscreant placed a tie on the track and the train struck it while running at a speed of thirty miles an hour. It was too large for the cow catcher to get above it, and it slid along the track until the train was stopped.

Former Law Partner of President Harrison, Suddenly Stricken.

RUTLAND, Vt., Dec. 30.—Judge C. C. Hines, formerly law partner of President Harrison, who was stricken with apoplexy at Ludlow last night, is still living, and last night showed signs of improvement. Causes Awful Desolation and Famine in Colorado.

REGULAR ARMY RECRUITS.

A Large Recruiting Station to be Established---Lieutenant Charles S. Hall Interviewed.

A recruiting station for the enlistment of recruits to the United States regular army has been open in this city upwards of six weeks. It has been presided over by Lieutenant Charles S. Hall, assisted by Sergeants Thomas W. Gunn, of Texas, and Peter Powell and Ezra Jones, of Columbus, all of the regular army. A SENTINEL reporter visited the headquarters in the Pixley Long block, to day, and was cordially received by Lieutenant Hall, who proceeded to explain matters. "This recruiting station," said he, "is established here for a term of two years, our aim in that time being to enlist all the good men we can for the United States service. There is at present a chance for 2,000 men in the regular service."

"Do you reject many applicants?" asked the reporter.

"Yes, the examination is very rigid, more so than many anticipate. Out of twenty-seven applicants from your county but five have been accepted. Some applicants come to us and learn for the first time that they are unsound. We find this especially so with the eyes."

"As fast as recruits are accepted what do you do with them?"

"For several weeks we keep them here and then send them to the military depot at Columbus, Ohio, if infantry, or to St Louis if cavalry. They are detailed from there."

"Do you have them under your personal observation while here?"

"Yes, they are put through a course of training that fits them for the service. Their habits are watched and minute notes taken of their capabilities. To more effectually carry out this line of observation the government has rented the entire fourth floor of the Bass block, on Calhoun street, (formerly Tony Trentman's block) where the recruits will be uniformed, drilled, fed and have sleeping quarters. Our office will also be moved there. The hall will be fitted up to make a very good rendezvous."

"What is the term of service required at enlistment?"

"One of the conditions of entering the regular army is that each applicant accepted must serve five years."

Lieut. Hall explained other technical requirements to make one eligible to enter the service; but with all these there are always anxious ones on the list of applicants who seem greatly disappointed if they are refused.

John Trella, of Wilkesbarre, Pa., Arrested by the Officers.

WILKESBARRE, Pa., Dec. 30.—John Trella, charged with the murder of Martin Curly, his wife and a Hungarian at Broderick's yesterday, was arrested at Jermin early this morning. His coat and vest was covered with blood stains. He told the story first that he was in the bar room when Curly and the dead Hungarian started to fight. He got scared and fled, thinking if he remained in the place the populace would think he was the murderer and would lynch him. Detective Philips says there is no truth in the man's story. He is confident he is the murderer. From another source it is learned that Trella has made a full confession.

DEATH ENTERS THE HOME.

Newton B. Freeman, an Old Resident, Passes Away--Demise of Mrs. Barbara Weller.

At 10:45 o'clock to-day, at his residence on Spy Run avenue, occurred the death of Newton B. Freeman, one of the old residents of Fort Wayne. The cause of death was Bright's disease, coupled with gastritis and stomach trouble, from which he had been a patient sufferer for about one year. For a long period he was unable to attend his duties as traveling salesman for a New York woolen mill firm, and for some months was confined to the house.

Newton B. Freeman was sixty six years of age. He came to Fort Wayne shortly after 1850, and embarked in business on Columbia street, where, in a general store he was associated in firms bearing the name of Townley, Freeman & Co., and N. B. Freeman & Co. Later he served as United States assessor for this district. His most conspicuous enterprise was in the paper mill first conducted by Mr. Doblinski, later by Doblinski, Bard & Freeman, and more subsequently by Freeman, Bard & Barnett. The latter gentleman, A. G. Barnett, of the present bus line firm of Powers & Barnett, speaks in the highest terms of the deceased, knowing him to be a square, conscientious business man, who had very few, if any enemies. This paper mill was situated out along the St. Joe river, and of late years was known as "the old paper mill." It was for some years operated by the late William Fleming.

For a long time Mr. Freeman travelled for the house with which he was connected up to the time of his death. The deceased married Miss Julia Rudisill, daughter of Mrs. Elizabeth Rudisill, now living, with whom they made their home. Besides the widow, the following children survive him: Henry R., teller in the First National bank; Kate, a teacher in the Hanna school; Mary E., teacher in the Bloomingdale school; Marie, now Mrs. Fred Wilde, of Brooklyn, N. Y.; Fred, who lives at home, and Bertha, an instructor in music. The late husband and father was for many years a prominent member of the English Lutheran church. His life has been one of many trials and burdens, yet he has borne them all with fortitude. He was kind and devoted to his family, gracious to his friends and always carried an even temper under any and all circumstances. A good man has been claimed and a rich reward is surely his The funeral will be announced hereafter.

DEATH OF MRS. WELLER.

Mrs. Barbara Weller died last night at her home, corner of Barr and Wayne streets, aged eighty-four years, nine months and eleven days. Mrs. Weller was born in Wuertemberg, Germany, came to America in 1833, lived in Baltimore two years, and in Piqua, O., eight years. She then moved to Fort Wayne and lived in her present home until the time of her death. She leaves three children to mourn her loss, Mr. John Weller, Mrs. Mary Burhenn and Elizabeth Weller. She also leaves twenty grand-children and two great grand-children. She was a woman of many noble traits of character, kind to the poor, and leaves a large circle of friends to mourn her death.

SCOTLAND'S STRIKE.

The Railroad Service Continues to Improve.

GLASGOW, Dec. 30 —The railroad service throughout Scotland generally continues to improve. The officials of the Caledonia company assert that the strike, insofar as it effects that system, is ended. The Southwestern railway company has reinstated many of its old employes.

The North British railway company is steadily reopening those branch lines, or "feeders," which were closed in order that the men who remained faithful to their company might be consolidated upon the trunk line.

FAILING HEALTH

Compels Manager Frank K. Smead to Seek a Western Climate.

Frank K. Smead, manager of the Union Pacific Tea company's branch in this city, will soon leave for Salt Lake City, to manage a branch for the same house. Mr. Smead is transferred at his own request, not because he would not like to remain here, but on account of a necessary change of climate for his failing health. During his stay here he has become well liked by patrons of the house, who will regret his departure. It is not yet known who succeeds to the position.

REWARD THEIR BRAVERY.

A Subscription Started for Officers Kennelly and Wilkinson.

A movement has been started to raise a purse of $1,500 among our citizens for Officers Kennelly and Wilkinson, through whose brave efforts Kuhns, the murderer, was captured. It is proposed to give Kennelly, who now lies at the hospital with the bullets of the desperado in his body, $1,000 and to give Deputy Sheriff Wilkinson $500. It would be a deserving tribute to these brave men.

A PROFOUND SECRET!

But It Can Be Whispered That Wilmer Leonard and Miss Edna Bond Will Wed To-Morrow.

Artful Cupid has sprung a number of matrimonial surprises upon the community within the past few months, but none that will create so decided a ripple in society circles as a wedding that is to take place in this city to-morrow. The ceremony that will unite in wedlock two very popular young people, will be performed in the study of Rev. S. A. Northrop, pastor of the Baptist church, and the contracting parties thereto will be Miss Edna, the beautiful daughter of Mr. and Mrs. W. J. Bond, of 376 South Calhoun street, and Mr. Wilmer Leonard, the rising young attorney. There will be no attendants, and only a few relatives will be present. The coming nuptials have been kept quiet, secrecy having been enjoined of the little circle of relatives who were acquainted with the fact. The alliance has not been wholly unlooked for, but that it was to occur so soon was not anticipated. The bride is a charming young lady and the daughter of a former prominent dry goods merchant of this city. The groom is a handsome young man, who is associated with his brother, Elmer Leonard, the United States commissioner, in the practice of law, their office being situated in the Bank block. Immediately after the ceremony, which will take place at high noon, the bridal party will take a train on the Fort Wayne road for Chicago and from their they may extend their tour to the northwest. Returning here they will reside with Mrs. Leonard's parents until a new home is prepared for them. THE SENTINEL will make amends for giving to the public a matter that was kept so awfully quiet by wishing the young couple a happy and prosperous wedded life.

The defendant, with much indignation, appealed the case, and A. Kalbacher went on his bond.

HUNT up an almanac for 1891.

TIME flies fast. Take care of the minutes.

COMMENCE balancing your accounts—financially and morally.

DON'T end the year as a drunkard. Shake the wine cup now.

BETTER practice writing it 1891. It will go kind of awkward after to-morrow.

DON'T blot the last pages of life's year book all over with sin before you turn over a new leaf.

THE girls will have to wait another whole year yet before they can "pop the question." 1892 will be a leap year.

"LONG" JONES thinks he holds the winning card in the Illinois senatorial game. Jones is a bluffer. He may get fooled.

THE jail at Tiffin, Ohio, where it is proposed to move Kuhns, the murderer, is a good, strong one. It is new and one of the best in the state. Kuhns can't get out of it.

THE Indian war is over, they say. Sitting Bull is dead, Big Foot is captured and Short Bull has surrendered. Now let Buffalo Bill or General Miles be nominated for the presidency.

MRS. JAMES G. BLAINE, JR., for whom the public has shown much sympathy in her misfortunes, is about to write a novel. We thought she was going on the stage. Well, all right; let her write a novel.

THE president's world's fair proclamation will be translated into and printed in many different languages for distribution throughout the world. "Our Ben" is a great literary fellow. His works are in demand.

WHEN Pennington's air ship is put into practical use a theatrical company can eat supper in a Fort Wayne hotel and play in a Chicago opera house the same evening—and they will do it, too, for our hotels beats those at Chicago "all hollow."

DETROIT is still rejoicing over the appointment of Judge Brown to the United States supreme bench, and the newspapers throughout the country are asking "Who is Brown, anyway?" Harrison seems to have a penchant for getting unknown men into his cabinet.

MISS JULIA MARLOWE, the well-known actress, who is just recovering from a severe illness in Philadelphia, will appear next year in first class hands. Her fortunes will be directed by Lawrence Barrett, who will give her the assistance of a strong company and capable business management.

THE Chicago divines are discussing the question whether the world's fair should be kept open on Sunday. Some say yes and others no. If the world's fair were held in Fort Wayne there would be no division of opinion. Our ministers would be unanimous on having it closed on the day of rest, but Chicago people look through funny kind of moral spectacles.

THE new cottage built by the actor, Joseph Jefferson, at Buzzard's bay, and designed by him to be the home of his old age, is a picturesque building in the early colonial style, with wings, cupolas and gables both of wood and stone. Outside the house is a Virginia chimney of native stone and brick. The house stands on a Cape Cod sand-bank and looks toward the Plymouth woods.

HENRY DATE, the evangelist, who is conducting revival services at the Berry street M. E. church, said in his discourse Sunday evening: "They say Chicago is the wickedest city in the United States. I don't believe it. I beleive that Fort Wayne is 148 miles nearer to hell than Chicago." What do you think of that, Mr. Toledo Bee? The evangelist evidently had Toledo in his mind when he spoke.

LET the little squirrels alone. The strong arm of the law now protects them. The law provides that any person who shall shoot or destroy, or pursue for the purpose of shooting or destroying any squirrels during the period from the 20th day of December in any year to the first day of the succeeding year, shall be fined the sum of $2 for each squirrel so killed, and the sum of $1 for each squirrel so pursued.

PROFESSOR ORTON, in the annual report of the Ohio Geological Survey, just filed with the governor, devotes much space to the subject of natural gas. He gives warning that the supply is not inexhaustable, and he urges economy in its use. He approves of limiting its consumption to domestic, private purposes. He says: "Natural gas finds its highest and most valuable use as domestic fuel. It is here that it does the greatest good to the greatest number. If there is any use for which gas should be sold below the price of the fuel which it supplants, it is the use in cooking stoves. The less fortunate members of the community should be the favored ones in this regard. For the gas used in heating there is no justifiable demand for a discount on gas bills, increasing according to the number of fires supplied. If a sliding scale is introduced, it might, perhaps, better be made to slide the other way, charging consumption beyond the average at a higher rate. All gas should be sold by measured volume. Meters and gauges ought to be introduced everywhere. No adequate motive to economy can be brought to bear on many consumers until they are obliged to pay at a proper rate for what they use. Natural gas is merely a transient phase of the stored power of the earth. It is folly to talk of its taking anything like a permanent place in the work of the world. The claim that it can do so springs only from enthusiasm or sciolism. There is, in reality, but little of it, and this little is found in but very limited regions, and can not last long whenever its utilization is undertaken by the eager and masterful activities of our day."

BRIEF BITS OF NEWS

From Different Towns Through the Hoosier State.

For the first time in its history Terre Haute is enjoying the luxury of electric street railway service.

"Boot Jack" is the name of a riotous suburb of Anderson, but the church there is known as "Harmony."

Hartford City property holders have expended $60,000 in laying block pavements within the past two months or so.

Michigan City will make a strong effort to wrest the honors of being the county seat of Laporte county from Laporte.

Terre Haute saloon keepers continue to defy the law relative to the sale of intoxicants on Sunday and after 11 p. m., and the feeling against the police is bitter.

The charter of the German National bank at Evansville having expired, it has been reorganized under the state law, and the capital stock increased $150,000.

Trouble between James Martin and Darl Adams, at Elizabethtown, terminated in a shooting affray, in which Adams received a dangerous wound in the left shoulder.

H. M. Bercaw and George W. Meyers, stock dealers of Boone county, have been called to Frankfort and fined $350 for placing a thin sheet of lead under the weight on their scales, thereby making 100 pounds difference in their favor every time the beam balanced.

Mrs. Louisa Carmichael, of Salt Creek township, Jackson county, is aged ninety-two, and is still possessed of remarkable physical vigor. She is the mother of eleven children, eight sons and three daughters, all of whom are living and have reared large families.

While Miss Blanche Cressie, of Crawfordsville, was sitting under an overhanging lamp, the fastenings of the latter gave way and the lamp fell into her lap. The oil was spilled, and, catching fire, she was practically enveloped in flames. With rare presence of mind, however, she succeeded in smothering the mischief by the folds of her garments, and escaped serious injury.

Miss Josie Sullivan, aged thirty-two, of Shelby county, some months ago was plaintiff in a breach of promise suit against Dr. J. R. Stewart, of Marietta, but he beat the case. Afterward, through a newspaper advertisement, she opened up correspondence with Dr. R. G. Hamilton, of Iowa, and there was a betrothal, the doctor forwarding $100 to defray her expenses to Iowa. She refused to go, however, and then he came to Shelbyville, and the marriage followed.

CHURCH REVIVALS.

A City Pastor Expresses His Opinion Concerning Them.

This is the season of church revivals, and all over this country, in thousands of houses of worship, special religious meetings are being held every night in the week for the purpose of winning souls for Christ.

"Do you believe revival meetings are a good thing for the church?" asked THE SENTINEL representative of a city pastor, last evening,

"I certainly do. Why should they not be?" was the question that came in reply.

"Do not a good many of the converts made during these meetings backslide—remain true to their new vows, and their promises to lead a better life, for a few weeks, or a few months only, and then go back to sin again?"

"Yes, some of them do, but not a good many, as you put it. After the excitement of the meetings have died down some of the converts forget their promises, and are led back into their sinful lives again, but the great majority of them remain true. We always hear of the backsliders because those who scoff at religion love to use this as an argument against it. Revivals are the recruiting seasons of the church. They are the special awakening periods. At these times men and women are asked to pause in their busy life and think. Are they leading the kind of lives they ought to! Are they true to themselves and their God? Are they serving God or the devil? Are they hastening towards heaven or hell? These are the questions that are pressed home upon them at such times, with telling force, and they are compelled to answer them. Yes, I believe revivals are a good thing. They have helped the church in the past and they are helping it now. Many of the grandest Christians in the world to-day were converted to Christ at the mourner's bench. I believe in revivals and I wish we could have more of them. The young man or the young lady who imagine they are better out of the church than in it, or think that religion interferes with their happiness are sadly mistaken. Religion is not only a good thing to die by, but it is a good thing to live by. It makes life brighter and happier and more successful. I would that the thousands of unconverted in this city could be induced to commence leading Christian lives with the dawning of the new year."

MOCK MARRIAGE BINDING.

D. G. Ramsey, an Illinois Legislator, Weds for Fun and Finds it Legal.

A mock marriage was celebrated under peculiar circumstances the other day at East St. Louis. Attorney Barnes and Dan G. Ramsey had a dispute regarding the legality of a Pennsylvania contract marriage. Ramsey is a democratic member of the next Illinois legislature. Finally Ramsey said that he did not believe a contract marriage, unless a marriage certificate had been secured, would be held binding. Barnes bantered him to try it and proposed that he marry Miss Bessie Caldwell, the pretty typewriter in the office. Ramsey and the girl both agreed. The contract was drawn up and Mr. Ramsey and Miss Caldwell signed it. Miss Caldwell agreed to consider Ramsey her legal husband and Ramsey to protect Miss Caldwell till death did part them. Justice of the Peace Richard Long attested the document, and Frank Millard, the attorney, signed as a witness. The parties intended it as a joke, but it now seems that under an old supreme court decision the couple are legally man and wife.

THE STAR ACTORS.

Joseph Jefferson and W. J. Florence in "The Rivals."

In speaking of the performance of "The Rivals," which comes to the Temple Thursday night, with Jefferson and Florence in the leading roles, the New York Sun says: "To those of artistic dramatic taste who had not seen Joseph Jefferson as Bob Acres—"Fighting Bob"—the performance of "The Rivals" at the Star last night was most enjoyable, while to those who were familiar with the impersonation it was not less a treat. This sense of enjoyment was doubled by the fact that W. J. Florence was the Sir Lucius O'Trigger, a role which he has not played in many years, but which he played admirably and received generous applause. Sheridan's brilliant comedy needs no word, nor does Mr. Jefferson's Bob Acres' the latter being the most deliciously humorous and captivating impersonations of to-day. Mr. Jefferson kept the faces of his audience wreathed with smiles, and the chuckles deepened into hearty laughs at his quiet though effective drollery."

MADE A HOME RUN.

Charlie Jones, the Base Ball Pitcher, Lured By Cupid's Wiles.

Charles Jones, clerk in the shipping department of the Fort Wayne Electric works, is preparing a dissertation upon marriage. Charlie says he is sure that it is not a failure, and is ready to back up his assertions by an actual experience. Last Friday Mr. Jones took unto himself a help-mate, the charming heroine being Miss Cora Edna, daughter of Engineer J. E. Long and wife, of Pine street. Rev. G. H. Sims, pastor of the Christian church, officiated. The wedding was a quiet one, and as there are many Joneses in the individual category only a few of the most intimate friends of the parties were aware of the marriage. Mr. Jones is the well known base ball pitcher. He is a general favorite, and congratulations will come in upon him and his bride like an April shower. Mr. and Mrs. Jones are for the present domiciled at the bride's home.

DIDN'T SEE THE AIR SHIP.

Clyde Bookwalter Went Out to Look at Pennington's Invention.

(Gazette)

Clyde Bookwalter, the young man who jaggles the mails for the Gazette, is deeply interested in the subject of aerial navigation. So much had he studied upon this question that when he read yesterday evening in THE SENTINEL that the Pennington air ship had landed in the eastern part of the city, he could no longer be restrained, and last night about 10 o'clock he took up the trail and boldly walked a'l the way to the east yards in order to study the great wonder. The air of the evening, coupled with the fact that Clyde did not feast his eyes upon the air ship, has, however, considerably cooled his ardor, and it is doubtful if he will now walk across the street to see the great invention when indeed it does land in Fort Wayne.

THE LITTLE EVANGELIST.

Henry Date, of Chicago, at the Berry Street M. E. Church.

The revival meetings at the Berry street M. E. church, which were commenced Sunday evening by the evangelist, Henry Date, of Chicago, are growing in interest and will be productive of great good. Mr. Date delivered another eloquent and interesting discourse last evening. He is a "little fellow," being not more than five feet in height, but he makes lots of noise, and is in blood red earnestness. He tells facts in a plain way, and keeps his audience awake. He will continue the meetings for two weeks.

HENRY SHUBERT, of Peoria, Ill., tried to see how quick he could get married after being divorced, and accomplished it in seventeen minutes. It however, took him two hours to get rid of the smell of the bushel of eggs thrown against him by his fellow citizens.

A HUSBAND'S affections are legally valued at twice as much as a wife's. While a man in Baltimore has been able to recover only $10,000 for the alienation of his wife's affections, a woman in New York has been awarded $20,000 for the loss of her husband's affections.

A VERY smart young man in Savannah tried to pay his car fare with a $100 bill. The conductor was accommodating, and stopping the car he went into a store and got the bill changed, giving the young man a shot bag full of silver, amounting to $99.95.

WHEN people say "calculate" they use a word which goes back to the very infancy of our race and the very beginning of the science of arithmetic. It comes from the Latin calculus, a pebble When men first began to reckon and to compare numbers they could think of no better way than to lay pebbles along side of one another on the ground, and hence the word for counting.

AND now British capital proposes to place England within four and a half days of this country. Capt. Hamilton Gunn, who is representing the enterprise in this country, says that its projectors propose to spend a large sum of money upon the Michigan side of the Sault Ste Marie, making one link of a system of transportation to Nova Scotia, with a connection to New York, and Atlantic steamers of 100,000 tons or over. Large vessels of the same line will also run on Lakes Huron and Ontario.

THE number of males and females is about equal and their average life is about thirty-three years, one-fourth of the inhabitants die before they reach their fiftieth year. Of 1,000 persons only one reaches the age of one hundred years; of every hundred only six reach the age of sixty-five, and not one in 500 live to see their eightieth year.

Something for the New Year.

The world's renowned success of Hostetter's Stomach Bitters, and their continued popularity for over a third of a century as a stomachic, is no more wonderful than the welcome that greets the annual appearance of Hostetter's Almanac. This valuable medical treatise is published by the Hostetter Company, Pittsburg, Pa., under their own immediate supervision, employing 60 hands in that department. They are running about 11 months in the year on this work, and the issue of the same for 1891 will be more than ten millions, printed in English, German, French, Welsh, Norwegian, Swedish, Holland, Bohemian and Spanish languages. Refer to a copy of it for valuable and interesting reading concerning health, and numerous testimonials as to the efficacy of Hostetter's Stomach Bitters, amusement, varied information, astronomical calculations and chronological items, &c., which can be depended on for correctness. TO WEAK MEN
Suffering from the effects of youthful errors, early decay, wasting weakness, lost manhood, etc., I will send a valuable treatise (sealed) containing full particulars for home cure, FREE of charge. A splendid medical work; should be read by every man who is nervous and debilitated. Address, Prof. F. C. FOWLER, Moodus, Conn.

WHAT IS SAPOLIO?
It is a solid handsome cake of scouring soap which has no equal for all cleaning purposes except in the laundry. To use it is to value it...
What will SAPOLIO do? Why it will clean paint, make oil-cloths bright, and give the floors, tables and shelves a new appearance. It will take the grease off the dishes and off the pots and pans. You can scour the knives and forks with it, and make the tin things shine brightly. The wash-basin, the bath-tub, even the greasy kitchen sink will be as clean as a new pin if you use SAPOLIO. One cake will prove all we say. Be a clever housekeeper and try it.
BEWARE OF IMITATIONS. THERE IS BUT ONE SAPOLIO.

Mrs. Robert Goelet, of New York, has an income of $500 a day.

THE men who took the original measurements of the big mountains of the world seem to have been inaccurate. A recount generally shows that the heigth of these altitudinous monsters has been overestimated. Popocatapetl in Mexico has lately lost several thousand feet by a correction of the figures, and now it is discovered that Mount St. Elias, always believed to be one of the highest peaks in the world, is not so high by 5,000 feet as the geographies give it. Although it is understood that Porter has never had anything to do with mountain measurements, a general recount is demanded in the interests of geographical veracity.

THE Whitney family, a tent show touring Michigan, gave the Lapeer spectators a treat the other day. Right in the middle of the show an Episcopal minister appeared in the ring and the two acrobats marched out, leading two blushing young ladies. The marriage ceremony was read and then the newly made Benedicts went on with the show.

The best medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach all the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh during the past obliges us to admit that only one remedy has met these conditions, and that is Ely's Cream Balm. This pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms yield to it.

The famous neverslip horse shoe has gained the day and can be found in our city.

Some of the main advantages which have commended it to popular favor, may be summarized as follows:

1. It never slips in any direction.
2. The horse soon learns this fact, and consequently, whether pulling or trotting will always do his best.
3. It saves the horse from sprains and bruises which constantly result from insecure footing.
4. It avoids the injury to the horse's feet caused by a too frequent resetting of the shoes.
5. It greatly lessons the danger of injury from calking.
6. It saves the time, both of the horse and owner, as the insertion of new and sharp Calks is the work of only a few minutes.
7. Its use facilitates all kinds of business. Livery keepers, stage and express proprietors, horse railroad companies, market men, milk peddlers, teamsters, doctors, and all whose horses are in constant requist on, are enabled by the use of this shoe to meet their engagements promptly, however slippery the traveling may be.

Owing to the great demand for this shoe, Mr. Wm. Geary, the horse shoer, has secured the agency for Fort Wayne.

The reputation of Mr. Geary, the horse shoer, is second to none in the city, and his endorsement of the shoe, gurantees satisfaction, Call on him at

FRUIT HOUSE PRICES.

In many instances there has been little change in prices, especially in staple goods. The sugar market has been steady, the clique who has had hold of it being afraid to advance prices. In consequence of the tariff agitation this was not so last year where in one instance inside of 30 days they sent prices up over 3c. per pound.

Coffee A. Standard, 6½c. Coffee C. Extra Yellow, 6c.
Granulated, Crushed and Powdered, 7c.

The Tea market in second grades has been much higher; these qualities have advanced over 5c. In the first qualities there has been no change; fortunately we had a large supply before the advance which enabled us to continue to sell to our customers at old prices. Our motto in dealing in Teas, like other goods, is to buy in large quantities and we sell direct to the consumer, thereby saving to our customers the profits of the jobber and speculator, which is not less than 10 and 20 c. on the pound. This is the secret in the success of our Tea trade trade-large sales and small profits.

Young Hyson Tea, good, 20c.; choice, 30c.; best, 50c. lb.

COFFEE, COFFEE—Rio, Mocha, Java and Roasted Coffee.

There are indications of a great decline in coffee the next two months as receipts in Rio and Santos are very large, and this being shipped to New York will compel the clique who has had hold of the market to let go, and in consequence the market will go down: Prices remain as last quoted:

CONGRESS.

The Visitors in the Senate Gallery Get Impatient and Clap Their Hands to Open the Show.

WASHINGTON, Dec. 30.—When the senate convened this morning at 10 o'clock there was such a small attendance that attention was called to the fact of the absence of a quorum. The roll call showed the presence of seventeen senators; and the sergeant-at-arms was directed to request the attendance of absentees. It was 11 before a quorum was secured and before the journal of yesterday was read. The galleries, however, were crowded with visitors, principally excursionists from among the public scool teachers of New York and Philadelphia. Their presence was recognized by the chaplain, who, in his prayer, asked a special blessing for the "great army of men and women gathered in our schools, and colleges and seminaries."

During the long wait there suddenly came from one of the galleries a general hand clapping as a sign of impatience that the performance was so slow to begin. It was quietly rebuked by the vice-president and there was no repetition of such a violation of senatorial decorum.

The credentials of Frederick T. Dubois, as a senator from the state of Idaho for the term beginning March 4 next were presented and referred. Mr. Reagan gave notice of two amendments to Mr. Aldrich's closure resolution. The senate then resumed the consideration of the elections bill, and Mr. Hoar continued his speech in its advocacy.

Senator Wolcott followed Mr. Hoar and spoke briefly against the elections bill, giving reasons why he would vote against it. This is the second break in the republican ranks.

After the chaplain had delivered a brief prayer, and after the journal of last day's session had been read and approved the house adjourned until Friday.

Senator Hale, the chairman of the senate committee on the census, said this morning that he intended to call his committee together early next week for the purpose of considering the apportionment bill. Mr. Hale feels certain that the committee will report in favor of the aggregate membership proposed in the house bill (356) for that proposed in the amendment offered by Mr. Davis (359). The states which gain in representation by the proposed increase in membership are Minnesota, Arkansas and New York. The two first named are represented on the census committee and they will use every effort to have the Davis amendment reported favorably to the senate.

Mr. Reagan gave notice to the senate to-day of some amendments which he will propose to the Aldrich previous question rule. Mr. Reagan will propose to strike out the provision that no motion except to adjourn or take a recess, shall be in order after it has been decided to close debate, and to insert in place of it the following: "After the senate shall have decided to close debate as herein provided, no motion shall be in order except a motion to amend the pending bill, and five minutes' debate may be allowed for and five minutes against such amendment, or a motion to adjourn, or to take a recess."

FIRE IN LONDON.

Big Flames Excite the Populace and Do $1,500,000 Damage.

LONDON, Dec. 30.—A terrific conflagration has broken out on Queen Victoria and Thames streets in the intersecting thoroughfares in the great business quarter of the city. A large number of warehouses are already on fire and the flames are rapidly spreading. A general alarm has been sounded.

Fourteen engines have already responded to the alarm and others are hurrying to the scene. The high wind which prevails has thus far rendered futile the efforts of the firemen to prevent the spread of the flames, or even keep the raging element under any sort of control. A large paper warehouse, a number of fancy goods stores and the Gulcher engineering works have already been destroyed, and the great fur emporium of Revillon Freeres has been reached by the fire and is doomed.

The fire is now rapidly working out towards the building occupied by the offices of Salvation army. An enormous throng of people assembled here give the police plenty of work in keeping them back from danger from crumbling masonry. As the flames shoot out toward the Salvation army quarters they fitfully and ominously play across and illuminate the great sign in front of the building which bears the legend, "Blood and fire."

LATER.

The Welch church has been added to the edifices destroyed. The high wind which prevailed has considerably subsided, and this, added to the almost superhuman efforts of the firemen, who man the twenty-nine engines now at work, has prevented the ignition of the Salvation Army headquarters, a catastrophe which an hour since seemed inevitable.

The firemen now seem to have control of the situation, as the flames have ceased advancing, and great streams of water from the large force of engines gathered in the vicinity are rapidly reducing the lately fiercely burning buildings to masses of cinders and charred frame work. Thus far no reports have been received at either police or fire headquarters of loss of life as a consequence of the conflagration. The damage done is roughly estimated at 300,000 pounds.

PANIC REIGNS

Among the Settlers Who Are Fleeing in Every Direction to Escape Impending Massacre.

RAPID CITY, S. D., Dec. 30.—The latest advices from Pine Ridge are to the effect that ten soldiers were killed in yesterday morning's fight and fifteen wounded. Out of 120 in Big Foot's party, at least seventy are reported either killed or wounded. One troop returning to the agency is reported as having been fired upon with damages. Gen. Miles will leave here to-day for Pine Ridge to take command in person, and be nearer the base of operations. The Indians at the agency are reported restless and in an excited condition and great care will have to be taken to prevent further trouble from these on their way in from the Bad Lands numbering from 300 to 400.

RAPID CITY, S. D., Dec. 30.—Panic reigns supreme between here and the camp of the government troops on Wounded Knee creek, the scene of yesterday's bloody battle with Big Foot's treacherous band. Settlers are fleeing in all directions to escape the impending massacre, and the roads are crowded with terror-stricken women and children. In the vicinity of Pine Ridge Agency the greatest fear prevails.

Five thousand Sioux are encamped in a circle around the agency building, and if an uprising occurs, as now seems only too probable, nothing can save from an awful death the corporal's guard of infantry men sent from Omaha to guard the ranch. Every succeeding hour makes the danger more imminent. From midnight until early this morning, desultory firing in the outskirts of the agency warned the brave defenders of the agency buildings that their hours of safety are numbered.

Little Wound and Two Strikes, inflamed to a vengeful passion by the news of Big Foot's fatal treachery, are reported to be massing their bands for instant attack. The Indian police already have had lively skirmishing with the hostiles in the vicinity of School Building. If an attack is made the result will be the instant destruction of the entire camp, as all the buildings are of wood and they are in an almost defenceless condition.

Everything is hoped for upon the arrival of General Miles, who is on his way to the scene of danger. A panic also prevails at Rushtown, but it is thought the railroad towns are not at present in danger.

WASHINGTON, Dec. 30.—The following dispatch from Agent D. F. Royer, dated Pine Ridge Agency, December 29, was received here this morning by the commissioner of Indian affairs:

On Wounded Knee Creek this morning, while the soldiers were disarming Big Foot and his band after their surrender, a fight took place, which resulted in the killing of about 300 Indians and several of the soldiers, including Captain Wallace, with a number of wounded.

Two Strike and his party, who were camped on White Clay Creek, just below Red Cloud's house, opened fire on the agency from the hill tops, opposite the boarding school, wounding two soldiers. The police returned the fire, killing two of the Two Strike Indians and wounding two others.

Two Strike and his band have retreated in a northwestern direction from the agency, and it is supposed he is trying to make his way back to the Bad Lands. Thus far the Pine Ridge Indians have taken no active part in the war, but Big Foot, Slow Bear, Kicking Bear and the Two Strike band have been and are active in the disturbance."

IN A DRUNKEN SLEEP

Was the Night Guard and Four Prisoners Escape From Jail.

CINCINNATI, Ohio, Dec. 30.—Four prisoners in the Newport jail by a daring and well-arranged plot, succeeded in making their escape at an early hour last evening. It was about 8 o'clock that Officer King reported that he had discovered a large hole dug under the wall of a building very close to the prisoner's quarters, and suggested that it would be well to look into the matter at once. The officers in charge made an investigation and found Charles Turner, the night guard, in a drunken sleep, and the prisoners, Frank Garws, Barney Welsh, Z. Robinson and Billy Dwyer, missing. The cell room floor was paved with brick, and after several had been removed, it was an easy task to tunnel under the wall of the building. It was plain, however, that the prisoners had some assistance and suspicion naturally rested upon the jailer's son, Turner, who was night guard.

The Weather.

WASHINGTON, Dec. 30.—For Indiana: Warmer, fair; southerly winds.

SMUGGLER CAPTURED.

The King of Smugglers Caught in Olymphia---Prisoners Break Jail.

SEATTLE, Wash., Dec. 30.—LaBelle, "King of Smugglers," was captured yesterday in Olymphia. LaBelle formerly operated largely in Michigan. He had a store at Port Huron, Mich., and owned a schooner on the St. Clair river. He shipped opium from Victoria to Sarnia, opposite Port Huron, and then smuggled it across the river in his schooner, hiding it in the basement of his store. About two years ago he was arrested at Port Huron, but escaped from two special officers who were conveying him to Detroit. Since that time custom officials have been searching all over the United States for him.

PRISONERS ESCAPE.

TUCSON, Ari., Dec. 30.—Yesterday morning Adolphe Verdego, under sentence of death, struck Jailor Pedro Ocallon three times on the neck through the grating with a dirk, then forced the door open, beat the jailor, took his keys, and escaped. Antonio Yeppa Sanchez, awaiting trial for murdering a Mexican at Rodero, four years ago, and Juan Costello, committed for grand larceny, also escaped. It is thought the fugitives are making toward the border line.

INDICTED A SQUIRE.

DES MOINES, Ia., Dec. 30.—The grand jury yesterday returned indictments against Justice of Peace J. B. Johnson for making false returns, and against Justice L. B. Callender and Constable George Cleggett, for conspiracy to defraud the county. More indictments will grow out of recent investigations into the methods of justices and constables who are engaged in enforcing the prohibitory law.

DAD COUNTY CLERK.

ALBANY, N. Y., Dec. 30.—Specific charges against Daniel E. Conway, county clerk of Rensselaer county, were filed with Governor Hill by Supervisor Dunham, of that county, yesterday. Conway is charged with inserting fraudulent items in his bills, including bills for election; expenses of courts, etc., were enlarged. It is charged that he also exacted fees for the recording of judgments, decrees and suits. It is asked that the governor give a hearing, and that upon proof of the matter being presented, Conway be removed from office.

SLASHED WITH A KNIFE.

Horrible Cutting Affray in Pennsylvania---Confession of a Murder.

BEAVER FALLS, Pa., Dec. 30.—News of a horrible cutting affray reached here yesterday from Clinton, a small mining town north of this place. On Friday night Edward Melvoy and James Grundy got into a fight and the latter attacked Melvoy with a huge knife. Melvoy was literally cut to pieces before bystanders could interfere and disarm Grundy. A man named Campbell was badly cut while assisting in disarming Grundy. Grundy escaped during the excitement, but as he is well known his capture is only a matter of time. Melvoy is hovering between life and death.

MENFIELD, Mass., Dec. 30.—A sensational statement, purporting to be the confession of David Stain of the facts in connection with the death and robbery of Oashier Barron, of Dexter, Me., First National bank, is made by Mark Revel, who claims that Stain related them to him exactly as he now states them. Revel says that Stain told him that the robbery was planned between Stain and New York parties about three months before it was attempted. Stain said that they did not intend to kill Barron, yet as Barron was a strong man violence was necessary to overpower him. Administering morphine to him, they placed him in the vault in which he was found. Stain always claimed, says Revel, that it was the morphine which killed Barron. Stain never thought he would be caught for the act.

DEATH FROM GAS.

Mother and Child Suffocated at Lima, Ohio.

LIMA, Ohio, Dec. 30. — Yesterday morning neighbors broke open the door of Peter Boose's residence and found Mrs. Boose lying on the floor insensible and her two-year-old child some distance away. Boose was lying in the bed room in a like condition. The house was full of gas which escaped from a stove. Boose recovered after several hours work, but the wife and child will die.

WILL BE PARDONED.

Leaves the Prison Wall to Practice Law.

JACKSON, Mich., Dec. 30.—Ex-Mayor Navin, of Adrian, Mich., who bankrupted that city seven years ago by stealing nearly $1,000,000, is to be pardoned to-day from the state prison here, where he is doing ten years time on his plea of guilty. Upon regaining his freedom he will enter the law office of John J. Atkinson, of Detroit, and practice law.

Got the Grip.

AMSTRADAM, N. Y., Dec. 30.—An epidemic, which is as annoying as last year's grip is prevalent here. The disease is an enteric fever, having most of the symptoms of typhoid. The first sign is nausea, followed by violent headache, soreness in the muscles, pains in the back, diarrhoea and high fever. It is said that over sixty sufferers are now under doctors' care.

KILLED IN A WRECK.

Sad Death of a Young Man Who Was Soon to Have Been Married.

LAS VEGAS, N. M., Dec. 30.—Last night an ice train of sixteen cars and caboose coming down from Hot Springs, was wrecked by running into an open switch in the yards at this place. A. K. Nones, general manager of the Las Vegas Ice company, was instantly killed, and a brakeman named Merritt was slightly injured. Mr. Nones came here two years ago from Louisville, Ky. His death is peculiarly sad from the fact that he was soon to have married a young lady of this city.

PARIS, Tex., Dec. 30.—An attempt was made to wreck the north-bound Frisco passenger train between this city and Arthur last night. Some miscreant placed a tie on the track and the train struck it while running at a speed of thirty miles an hour. It was too large for the cow catcher to get above it, and it slid along the track until the train was stopped.

JUDGE HINES.

Former Law Partner of President Harrison, Suddenly Stricken.

RUTLAND, Vt., Dec. 30.—Judge C. C. Hines, formerly law partner of President Harrison, who was stricken with apoplexy at Ludlow last night, is still living, and last night showed signs of improvement. His family have been greatly pained by false reports of his death published in New York and Boston papers.

DES MOINES, Ia., Dec. 30.—Judge John Mitchell died yesterday morning, after a brief illness of typhoid-pneumonia. He was born at Claremont, N. H., February 18, 1840. He located in this city in 1850, where he had since resided.

BUFFALO, N. Y., Dec. 30.—Dr. Milan Baker, brother-in-law of Congressman elect D. N. Lockwood, died at his home in this city yesterday, aged sixty-two years. He was a member of the original commission which located the state asylums for the insane, and at the time of his death was one of the managers of the state insane hospital in this city.

MEN WINS.

A Fight to Death Between a Dog and a Bear.

CAIRO, Ill., Dec. 30.—A few days ago a fight between a bull dog and a half-grown bear took place near this city. The battle was for $200 a side and lasted an hour and a half. Bruin, when nearly exhausted, ended the fight by disemboweling the dog, leaving him dead on the ground. A thousand dollars changed hands, several Cincinnati men being reported as heavy losers.

INTO A WELL.

Jumps an Insane Woman and Ends Her Life.

SALEM, Mo., Dec. 30.—Mrs. G. W. Cox, while temporarily insane, committed suicide yesterday by throwing herself into a well eighty-five feet deep. Mrs. Cox had made several unsuccessful attempts at suicide, and was closely guarded, but yesterday she managed to escape her watchers.

LACK OF RAIN

Causes Awful Desolation and Famine in Colorado.

DENVER, Col., Dec. 30.—Reports of awful desolation and famine come from eastern Colorado. Many of the settlers in that portion of the state are starving and hundreds of deaths will follow unless aid is at once extended. The cause of the desolation is lack of rain.

Officers Elected.

BOSTON, Dec. 30.—The International Copyright association elected officers yesterday as follows: President, Francis A. Walker; vice-presidents, John Lovell, W. W. Goodwin and Henry O. Haughton; treasurer, C. C. Soule, secretary, Daniel Estes; assistant secretary, F. H. Little; directors, A. H. Rice, N. S. Shalu, B. H. Clement, John D. Long, B. H. Tickner, H. W. Chaplin and S. T. Elder. Hon. A. O. Platt and Hon. W. H. Simmonds, of Connecticut, were elected honorary members on account of their efforts in congress to secure the passage of the international copyright law.

Corbett and Jackson.

SAN FRANCISCO, Dec. 30.—At a meeting of directors of the California athletic club held last night, it was decided to match Jim Corbett and Peter Jackson for a fight to a finish to take place before the club next May, the purse to be $10,000, of which $3,500 will go to the winner.

Over a Game of Cards.

AUGUSTA, Ga., Dec. 30.—Foster Sherlock was probably fatally shot by Clinton E. Williams, of Baltimore, last night. The trouble grew out of a game of cards. Williams, who is under arrest, says he is a son of F. C. Williams, a member of council of Baltimore.

Robbed While Asleep.

BANGOR, Me., Dec. 30. — A man named Halliet, of Camden, who has been in Boston selling horses, was robbed of $7,400 while asleep on the night Pullman train Saturday night. There is no clue to the robber.

REGULAR ARMY RECRUITS.

A Large Recruiting Station to be Established---Lieutenant Charles S. Hall Interviewed.

A recruiting station for the enlistment of recruits to the United States regular army has been open in this city upwards of six weeks. It has been presided over by Lieutenant Charles S. Hall, assisted by Sergeants Thomas W. Gunn, of Texas, and Peter Powell and Ezra Jones, of Columbus, all of the regular army. A SENTINEL reporter visited the headquarters in the Pixley-Long block, to-day, and was cordially received by Lieutenant Hall, who proceeded to explain matters. "This recruiting station," said he, "is established here for a term of two years, our aim in that time being to enlist all the good men we can for the United States service. There is at present a chance for 2,000 men in the regular service."

"Do you reject many applicants?" asked the reporter.

"Yes, the examination is very rigid, more so than many anticipate. Out of twenty-seven applicants from your county but five have been accepted. Some applicants come to us and learn for the first time that they are unsound. We find this especially so with the eyes."

"As fast as recruits are accepted what do you do with them?"

"For several weeks we keep them here and then send them to the military depot at Columbus, Ohio, if infantry, or to St. Louis if cavalry. They are detailed from there."

"Do you have them under your personal observation while here?"

"Yes, they are put through a course of training that fits them for the service. Their habits are watched and minute notes taken of their capabilities. To more effectually carry out this line of observation the government has rented the entire fourth floor of the Bass block, on Calhoun street, (formerly Tony Trentman's block) where the recruits will be uniformed, drilled, fed and have sleeping quarters. Our office will also be moved there. The hall will be fitted up to make a very good rendezvous."

"What is the term of service required at enlistment?"

"One of the conditions of entering the regular army is that each applicant accepted must serve five years."

Lieut. Hall explained other technical requirements to make one eligible to enter the service; but with all those there are always anxious ones on the list of applicants who seem greatly disappointed if they are refused.

MURDERER CAUGHT.

John Trella, of Wilkesbarre, Pa., Arrested by the Officers.

WILKESBARRE, Pa., Dec. 30.—John Trella, charged with the murder of Martin Curly, his wife and a Hungarian at Broderick's yesterday, was arrested at Jermin early this morning. His coat and vest was covered with blood stains. He told the story first that he was in the bar room when Curly and the dead Hungarian started to fight. He got scared and fled, thinking if he remained in the place the populace would think he was the murderer and would lynch him. Detective Philips says there is no truth in the man's story. He is confident he is the murderer. From another source it is learned that Trella has made a full confession.

TERRIBLE DEATH.

A Man Killed by Electricity While Fixing a Wire.

PHILADELPHIA, Pa., Dec. 30.—Samuel K. Fox, living on Federal street, below 110th, suffered death this morning in a most horrible manner, the current of an electric light wire passing through his body. Korns was fixing a crane on the roof of one of the buildings of the Baldwin locomotive works, when his attention was distracted for a moment. He thoughtlessly grasped an electric light wire. Instantly he was thrown down, his body twitched convulsively as the fluid passed through it, and in a moment or two his agony was over, although it was sometime before his remains were taken from contact with the wire.

DEATH ENTERS THE HOME.

Newton B. Freeman, an Old Resident, Passes Away---Demise of Mrs. Barbara Weller.

At 10:45 o'clock to-day, at his residence on Spy Run avenue, occurred the death of Newton B. Freeman, one of the old residents of Fort Wayne. The cause of death was Bright's disease, coupled with gastritis and stomach trouble, from which he had been a patient sufferer for about one year. For a long period he was unable to attend his duties as traveling salesman for a New York woolen mill firm, and for some months was confined to the house.

Newton B. Freeman was sixty six years of age. He came to Fort Wayne shortly after 1850, and embarked in business on Columbia street, where, in a general store he was associated in firms bearing the name of Townley, Freeman & Co., and N. B. Freeman & Co. Later he served as United States assessor for this district. His most conspicuous enterprise was in the paper mill first conducted by Mr. Doblinski, later by Doblinski, Bard & Freeman, and more subsequently by Freeman, Bard & Barnett. The latter gentleman, A. G. Barnett, of the present bus line firm of Powers & Barnett, speaks in the highest terms of the deceased, knowing him to be a square, conscientious business man, who had very few, if any enemies. This paper mill was situated out along the St. Joe river, and of late years was known as "the old paper mill." It was for some years operated by the late William Fleming.

For a long time Mr. Freeman travelled for the house with which he was connected up to the time of his death. The deceased married Miss Julia Rudisill, daughter of Mrs. Elizabeth Rudisill, now living, with whom they made their home. Besides the widow, the following children survive him: Henry R., teller in the First National bank; Kate, a teacher in the Hanna school; Mary E., teacher in the Bloomingdale school; Marie, now Mrs. Fred Wilde, of Brooklyn, N. Y.; Fred, who lives at home, and Bertha, an instructor in music. The late husband and father was for many years a prominent member of the English Lutheran church. His life has been one of many trials and burdens, yet he has borne them all with fortitude. He was kind and devoted to his family, gracious to his friends and always carried an even temper under any and all circumstances. A good man has been claimed and a rich reward is surely his. The funeral will be announced hereafter.

DEATH OF MRS. WELLER.

Mrs. Barbara Weller died last night at her home, corner of Barr and Wayne streets, aged eighty-four years, nine months and eleven days. Mrs. Weller was born in Wuertemberg, Germany, came to America in 1833, lived in Baltimore two years, and in Piqua, O., eight years. She then moved to Fort Wayne and lived in her present home until the time of her death. She leaves three children to mourn her loss, Mr. John Weller, Mrs. Mary Barhaun and Elizabeth Weller. She also leaves twenty grand-children and two great-grandchildren. She was a woman of many noble traits of character, kind to the poor, and leaves a large circle of friends to mourn her death.

SCOTLAND'S STRIDE.

The Railroad Service Continues to Improve.

GLASGOW, Dec. 30 —The railroad service throughout Scotland generally continues to improve. The officials of the Caledonia company assert that the strike, insofar as it affects that system, is ended. The Southwestern railway company has reinstated many of its old employes.

The North British railway company is steadily reopening those branch lines, or "feeders," which were closed in order that the men who remained faithful to their company might be consolidated upon the trunk line.

FAILING HEALTH

Compels Manager Frank K. Smead to Seek a Western Climate.

Frank K. Smead, manager of the Union Pacific Tea company's branch in this city, will soon leave for Salt Lake City, to manage a branch for the same house. Mr. Smead is transferred at his own request, not because he would not like to remain here, but on account of a necessary change of climate for his failing health. During his stay here he has become well liked by patrons of the house, who will regret his departure. It is not yet known who succeeds to the position.

REWARD THEIR BRAVERY.

A Subscription Started for Officers Kennelly and Wilkinson.

A movement has been started to raise a purse of $1,500 among our citizens for Officers Kennelly and Wilkinson, through whose brave efforts Kuhns, the murderer, was captured. It is proposed to give Kennelly, who now lies at the hospital with the bullets of the desperado in his body, $1,000 and to give Deputy Sheriff Wilkinson $500. It would be a deserving tribute to these brave men.

A PROFOUND SECRET!

But It Can Be Whispered That Willmer Leonard and Miss Edna Bond Will Wed To-Morrow.

Artful Cupid has sprung a number of matrimonial surprises upon the community within the past few months, but none that will create so decided a ripple in society circles as a wedding that is to take place in this city to-morrow. The ceremony that will unite in wedlock two very popular young people, will be performed in the study of Rev. S. A. Northrop, pastor of the Baptist church, and the contracting parties thereto will be Miss Edna, the beautiful daughter of Mr. and Mrs. W. J. Bond, of 376 South Calhoun street, and Mr. Wilmer Leonard, the rising young attorney. There will be no attendants, and only a few relatives will be present. The coming nuptials have been kept quiet, secrecy having been enjoined of the little circle of relatives who were acquainted with the fact. The alliance has not been wholly unlooked for, but that it was to occur so soon was not anticipated. The bride is a charming young lady and the daughter of a former prominent dry goods merchant of this city. The groom is a handsome young man, who is associated with his brother, Elmer Leonard, the United States commissioner, in the practice of law, their office being situated in the Bank block. Immediately after the ceremony, which will take place at high noon, the bridal party will take a train on the Fort Wayne road for Chicago and from their they may extend their tour to the northwest. Returning here they will reside with Mrs. Leonard's parents until a new home is prepared for them. The SENTINEL will make amends for giving to the public a matter that was kept so awfully quiet by wishing the young couple a happy and prosperous wedded life.

Justice Wilkinson fined Robert Shellschemar $1 and costs for provoking Miss Rosa Ettinger.

Will Franz tried to eject one Frank Smith from the Windsor hotel last night and Smith filed an affidavit in Justice Wilkinson's court charging assault and battery. A fine of $25 was assessed. Young Franz claims that he was justified in putting the man out of the house as he had no right there, although Smith's wife is a domestic for Mrs. Franz. The defendant, with much indignation, appealed the case, and A. Kallmeher went on his bond.

STRUCK BY A TRAIN.

A Fatal Accident to a Pleasure Party Out Riding.

LAFAYETTE, Ind., Dec. 30.—Word was received here yesterday morning of an accident at the railway crossing near Camden, Carroll county, Sunday night. A party of four young people were out riding in a two seated conveyance, and had driven upon the railroad crossing when along whizzed a train, striking the vehicle and throwing the occupants in every direction. James McKain, one of the men, was pitched against a telegraph pole and instantly killed. Miss Lizzie Snowberger was so badly hurt that she lived but a short time. The other two young people were not badly hurt.

Reporters Follow Them.

PARIS, Dec. 30.—LaPresse to-day announces that the Parnell-O'Brien conference will take place at Paris instead of, as generally supposed would be the case, at Boulogne. The same paper says that the report that the meeting would occur at Boulogne was given out for the purpose of flanking the newspaper correspondents and reporters, who are closely following the movements of the Irish leaders.

TIME flies fast. Take care of the minutes.

COMMENCE balancing your accounts—financially and morally.

DON'T end the year as a drunkard. Shake the wine cup now.

BETTER practice writing it 1891. It will go kind of awkward after to-morrow.

DON'T blot the last pages of life's year book all over with sin before you turn over a new leaf.

THE girls will have to wait another whole year yet before they can "pop the question." 1892 will be a leap year.

"LONG" JONES thinks he holds the winning card in the Illinois senatorial game. Jones is a bluffer. He may get fooled.

THE jail at Tiffin, Ohio, where it is proposed to move Kuhns, the murderer, is a good, strong one. It is new and one of the best in the state. Kuhns can't get out of it.

THE Indian war is over, they say. Sitting Bull is dead, Big Foot is captured and Short Bull has surrendered. Now let Buffalo Bill or General Miles be nominated for the presidency.

MRS. JAMES G. BLAINE, JR., for whom the public has shown much sympathy in her misfortunes, is about to write a novel. We thought she was going on the stage. Well, all right; let her write a novel.

THE president's world's fair proclamation will be translated into and printed in many different languages for distribution throughout the world. "Our Ben" is a great literary fellow. His works are in demand.

WHEN Pennington's air ship is put into practical use a theatrical company can eat supper in a Fort Wayne hotel and play in a Chicago opera house the same evening—and they will do it, too, for our hotels beats those at Chicago "all hollow."

DETROIT is still rejoicing over the appointment of Judge Brown to the United States supreme bench, and the newspapers throughout the country are asking "Who is Brown, anyway?" Harrison seems to have a penchant for getting unknown men into his cabinet.

MISS JULIA MARLOWE, the well-known actress, who is just recovering from a severe illness in Philadelphia, will appear next year in first-class hands. Her fortunes will be directed by Lawrence Barrett, who will give her the assistance of a strong company and capable business management.

THE Chicago divines are discussing the question whether the world's fair should be kept open on Sunday. Some say yes and others no. If the world's fair were held in Fort Wayne there would be no division of opinion. Our ministers would be unanimous on having it closed on the day of rest, but Chicago people look through funny kind of moral spectacles.

THE new cottage built by the actor, Joseph Jefferson, at Buzzard's bay, and designed by him to be the home of his old age, is a picturesque building in the early colonial style, with wings, cupolas and gables both of wood and stone. Outside the house is a Virginia chimney of native stone and brick. The house stands on a Cape Cod sand-bank and looks toward the Plymouth woods.

HENRY DATE, the evangelist, who is conducting revival services at the Berry street M. E. church, said in his discourse Sunday evening: "They say Chicago is the wickedest city in the United States. I don't believe it. I beleive that Fort Wayne is 148 miles nearer to hell than Chicago." What do you think of that, Mr. Toledo Bee? The evangelist evidently had Toledo in his mind when he spoke.

LET the little squirrels alone. The strong arm of the law now protects them. The law provides that any person who shall shoot or destroy, or pursue for the purpose of shooting or destroying any squirrels during the period from the 20th day of December in any year to the first day of the succeeding year, shall be fined the sum of $2 for each squirrel so killed, and the sum of $1 for each squirrel so pursued.

PROFESSOR ORTON, in the annual report of the Ohio Geological Survey, just filed with the governor, devotes much space to the subject of natural gas. He gives warning that the supply is not inexhaustable, and he urges economy in its use. He approves of limiting its consumption to domestic, private purposes. He says: "Natural gas finds its highest and most valuable use as domestic fuel. It is here that it does the greatest good to the greatest number. If there is any use for which gas should be sold below the price of the fuel which it supplants, it is the use in cooking stoves. The less fortunate members of the community should be the favored ones in this regard. For the gas used in heating there is no justifiable demand for a discount on gas bills, increasing according to the number of fires supplied. If a sliding scale is introduced, it might, perhaps, better be made to slide the other way, charging consumption beyond the average at a higher rate. All gas should be sold by measured volume. Meters and gauges ought to be introduced everywhere. No adequate motive to economy can be brought to bear on many consumers until they are obliged to pay at a proper rate for what they use. Natural gas is merely a transient phase of the stored power of the earth. It is folly to talk of its taking anything like a permanent place in the work of the world. The claim that it can do so springs only from enthusiasm or sciolism. There is, in reality, but little of it, and this little is found in but very limited regions, and can not last long whenever its utilization is undertaken by the eager and masterful activities of our day."

CHURCH REVIVALS.

A City Pastor Expresses His Opinion Concerning Them.

This is the season of church revivals, and all over this country, in thousands of houses of worship, special religious meetings are being held every night in the week for the purpose of winning souls for Christ.

"Do you believe revival meetings are a good thing for the church?" asked THE SENTINEL representative of a city pastor, last evening.

"I certainly do. Why should they not be?" was the question that came in reply.

"Do not a good many of the converts made during these meetings backslide—remain true to their new vows, and their promises to lead a better life, for a few weeks, or a few months only, and then go back to sin again?"

"Yes, some of them do, but not a good many, as you put it. After the excitement of the meetings have died down some of the converts forget their promises, and are led back into their sinful lives again, but the great majority of them remain true. We always hear of the backsliders because those who scoff at religion love to use this as an argument against it. Revivals are the recruiting seasons of the church. They are the special awakening periods. At these times men and women are asked to pause in their busy life and think. Are they leading the kind of lives they ought to? Are they true to themselves and their God? Are they serving God or the devil? Are they hastening towards heaven or hell? These are the questions that are pressed home upon them at such times, with telling force, and they are compelled to answer them. Yes, I believe revivals are a good thing. They have helped the church in the past and they are helping it now. Many of the grandest Christians in the world to-day were converted to Christ at the mourner's bench. I believe in revivals and I wish we could have more of them. The young man or the young lady who imagine they are better out of the church than in it, or think that religion interferes with their happiness are sadly mistaken. Religion is not only a good thing to die by, but it is a good thing to live by. It makes life brighter and happier and more successful. I would that the thousands of unconverted in this city could be induced to commence leading Christian lives with the dawning of the new year."

MOCK MARRIAGE BINDING.

D. G. Ramsey, an Illinois Legislator, Weds for Fun and Finds It Legal.

A mock marriage was celebrated under peculiar circumstances the other day at East St. Louis. Attorney Barnes and Dan G. Ramsey had a dispute regarding the legality of a Pennsylvania contract marriage. Ramsey is a democratic member of the next Illinois legislature. Finally Ramsey said that he did not believe a contract marriage, unless a marriage certificate had been secured, would be held binding. Barnes bantered him to try it and proposed that he marry Miss Bessie Caldwell, the pretty typewriter in the office. Ramsey and the girl both agreed. The contract was drawn up and Mr. Ramsey and Miss Caldwell signed it. Miss Caldwell agreed to consider Ramsey her legal husband and Ramsey to protect Miss Caldwell till death did part them. Justice of the Peace Richard Long attested the document, and Frank Millard, the attorney, signed as a witness. The parties intended it as a joke, but it now seems that under an old supreme court decision the couple are legally man and wife.

THE STAR ACTORS.

Joseph Jefferson and W. J. Florence in "The Rivals."

In speaking of the performance of "The Rivals," which comes to the Temple Thursday night, with Jefferson and Florence in the leading roles, the New York Sun says: "To those of artistic dramatic taste who had not seen Joseph Jefferson as Bob Acres—"Fighting Bob" —the performance of "The Rivals" at the Star last night was most enjoyable, while to those who were familiar with the impersonation it was not less a treat. This sense of enjoyment was doubled by the fact that W. J. Florence was the Sir Lucius O'Trigger, a role which he has not played in many years, but which he played admirably and received generous applause. Sheridan's brilliant comedy needs no word, nor does Mr. Jefferson's Bob Acres' the latter being the most deliciously humorous and captivating impersonations of to-day. Mr. Jefferson kept the faces of his audience wreathed with smiles, and the chuckles deepened into hearty laughs at his quiet though effective drollery."

MADE A HOME RUN.

Charlie Jones, the Base Ball Pitcher, Lured By Cupid's Wiles.

Charles Jones, clerk in the shipping department of the Fort Wayne Electric works, is preparing a dissertation upon marriage. Charlie says he is sure that it is not a failure, and is ready to back up his assertions by an actual experience. Last Friday Mr. Jones took unto himself a help-mate, the charming heroine being Miss Cora Edna, daughter of Engineer J. E. Long and wife, of Pine street. Rev. G. H. Sims, pastor of the Christian church, officiated. The wedding was a quiet one, and as there are many Joneses in the individual category only a few of the most intimate friends of the parties were aware of the marriage. Mr. Jones is the well known base ball pitcher. He is a general favorite, and congratulations will come in upon him and his bride like an April shower. Mr. and Mrs. Jones are for the present domiciled at the bride's home.

DIDN'T SEE THE AIRSHIP.

Clyde Bookwalter Went Out to Look at Pennington's Invention.

(Gazette.)

Clyde Bookwalter, the young man who juggles the mails for the Gazette, is deeply interested in the subject of aerial navigation. So much had he studied upon this question that when he read yesterday evening in THE SENTINEL that the Pennington air ship had landed in the eastern part of the city, he could no longer be restrained, and last night about 10 o'clock he took up the trail and boldly walked all the way to the east yards in order to study the great wonder. The air of the evening, coupled with the fact that Clyde did not feast his eyes upon the air ship, has, however, considerably cooled his ardor, and it is doubtful if he will now walk across the street to see the great invention when indeed it does land in Fort Wayne.

THE LITTLE EVANGELIST.

Henry Date, of Chicago, at the Berry Street M. E. Church.

The revival meetings at the Berry street M. E. church, which were commenced Sunday evening by the evangelist, Henry Date, of Chicago, are growing in interest and will be productive of great good. Mr. Date delivered another eloquent and interesting discourse last evening. He is a "little fellow," being not more than five feet in height, but he makes lots of noise, and is in blood red earnestness. He tells facts in a plain way, and keeps his audience awake. He will continue the meetings for two weeks.

HENRY SHUBERT, of Peoria, Ill., tried to see how quick he could get married after being divorced, and accomplished it in seventeen minutes. It however, took him two hours to get rid of the smell of the bushel of eggs thrown against him by his fellow citizens.

A HUSBAND'S affections are legally valued at twice as much as a wife's. While a man in Baltimore has been able to recover only $10,000 for the alienation of his wife's affections, a woman in New York has been awarded $20,000 for the loss of her husband's affections.

A VERY smart young man in Savannah tried to pay his car fare with a $100 bill. The conductor was accommodating, and stopping the car he went into a store and got the bill changed, giving the young man a shot bag full of silver, amounting to $99.95.

WHEN people say "calculate" they use a word which goes back to the very infancy of our race and the very beginning of the science of arithmetic. It comes from the Latin calculus, a pebble. When men first began to reckon and to compare numbers they could think of no better way than to lay pebbles along side of one another on the ground, and hence the word for counting.

AND now British capital proposes to place England within four and a half days of this country. Capt. Hamilton Gunn, who is representing the enterprise in this country, says that its projectors propose to spend a large sum of money upon the Michigan side of the Sault Ste. Marie, making one link of a system of transportation to Nova Scotia, with a connection to New York, and Atlantic steamers of 100,000 tons or over. Large vessels of the same line will also run on Lakes Huron and Ontario.

THE number of males and females is about equal and their average life is about thirty-three years; one-fourth of the inhabitants die before they reach their fiftieth year. Of 1,000 persons only one reaches the age of one hundred years; of every hundred only six reach the age of sixty-five, and not one in 500 live to see their eightieth year.

Something for the New Year.

The world's renowned success of Hostetter's Stomach Bitters, and their continued popularity for over a third of a century as a stomachic, is scarcely more wonderful than the welcome that greets the annual appearance of Hostetter's Almanac. This valuable medical treatise is published by the Hostetter Company, Pittsburg, Pa., under their own immediate supervision, employing 60 hands in that department. They are running about 11 months in the year on this work, and the issue of the same for 1891 will be more than ten millions, printed in English, German, French, Welsh, Norwegian, Swedish, Holland, Bohemian and Spanish languages. Refer to a copy of it for valuable and interesting reading concerning health, and numerous testimonials as to the efficacy of Hostetter's Stomach Bitters, amusement, varied information, astronomical calculations and chronological items, &c., which can be depended on for correctness. The Almanac for 1891 can be obtained free of cost, from druggists and general country dealers in all parts of the country.

WHAT IS SAPOLIO? It is a solid handsome cake of scouring soap which has no equal for all cleaning purposes except in the laundry. To use it is to value it...

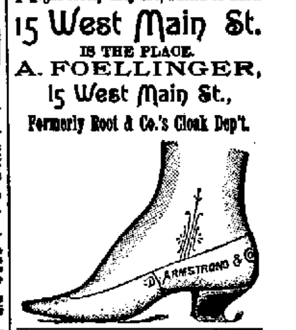

What will SAPOLIO do? Why it will clean paint, make oil-cloths bright, and give the floors, tables and shelves a new appearance. It will take the grease off the dishes and off the pots and pans. You can scour the knives and forks with it, and make the tin things shine brightly. The wash-basin, the bath-tub, even the greasy kitchen sink will be as clean as a new pin if you use SAPOLIO. Mrs. Robert Goelet, of New York, has an income of $600 a day.

THE man who took the original measurements of the big mountains of the world seem to have been inaccurate. A recount generally shows that the heigth of these altitudinous monsters has been overestimated. Popocatepetl in Mexico has lately lost several thousand feet by a correction of the figures, and now it is discovered that Mount St. Elias, always believed to be one of the highest peaks in the world, is not so high by 5,000 feet as the geographies give it. Although it is understood that Porter has never had anything to do with mountain measurements, a general recount is demanded in the interests of geographical veracity.

THE Whitney family, a tent show touring Michigan, gave the Lapeer spectators a treat the other day. The marriage ceremony was read and then the newly made Benedicts went on with the show.

The best medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach all the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh during the past obliges us to admit that only one remedy has met these conditions, and that is Ely's Cream Balm. This pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms yield to it.

The famous neverslip horse shoe has gained the day and can be found in our city.

Some of the main advantages which have commended it to popular favor, may be summarized as follows:

1. It never slips in any direction.
2. The horse soon learns this fact, and consequently, whether pulling or trotting will always do his best.
3. It saves the horse from sprains and bruises which constantly result from insecure footing.
4. It avoids the injury to the horse's feet caused by a too frequent resetting of the shoes.
5. It greatly lessens the danger of injury from calking.
6. It saves the time, both of the horse and owner, as the insertion of new and sharp Calks is the work of only a few minutes.
7. Its use facilitates all kinds of business. Livery keepers, stage and express proprietors, horse railroad companies, market men, milk peddlers, teamsters, doctors, and all whose horses are in constant requisition, are enabled by the use of this shoe to meet their engagements promptly, however slippery the traveling may be.

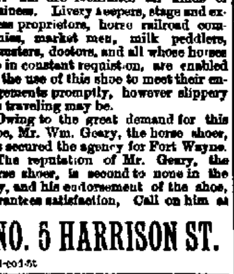

Owing to the great demand for this shoe, Mr. Wm. Geary, the horse shoer, has secured the agency for Fort Wayne.

The reputation of Mr. Geary, the horse shoer, is second to none in the city, and his endorsement of the shoe, guarantees satisfaction. Call on him at

FOR ❄ CHRISTMAS ❄ AND ❄ NEW ❄ YEARS.

FRUIT HOUSE PRICES.

In many instances there has been little change in prices, especially in staple goods. The sugar market has been steady, the clique who has had hold of it being afraid to advance prices. In consequence of the tariff agitation this was not so last year where in one instance inside of 30 days they sent prices up over 3c. per pound.

Coffee A. Standard, 6½c. Coffee C. Extra Yellow, 6c.
Granulated, Crushed and Powdered, 7c.

The Tea market in second grades has been much higher; these qualities have advanced over 5c. In the first qualities there has been no change; fortunately we had a large supply before the advance which enabled us to continue to sell to our customers at old prices. Our motto in dealing in Teas, like other goods, is to buy in large quantities and we sell direct to the consumer, thereby saving to our customers the profits of the jobber and speculator, which is not less than 10 and 20 c. on the pound. This is the secret in the success of our Tea trade trade-large sales and small profits.

Young Hyson Tea, good, 20c.; choice, 30c.; best, 50c. lb.
Imperial Tea, extra, 30c; best, 50c lb.
Gunpowder Tea, extra, 30c. lb; best, 50c lb.
Oolong or Black Tea, extra, 25c.; best, 50c. lb.
Japan Tea Uncolored, choice, 30c; best, 50c lb

COFFEE, COFFEE—Rio, Mocha, Java and Roasted Coffee.

There are indications of a great decline in coffee the next two months as receipts in Rio and Santos are very large, and this being shipped to New York will compel the clique who has had hold of the market to let go, and in consequence the market will go down. Prices remain as last quoted:

Best Rio Coffee, 22c. lb. Choice Old Govt. Java, 35c. lb.
Best Green Mocha, 30c. lb. Best Roasted Rio, 25c. lb.
Best Roasted Java, 33c. lb. Best Roasted Mocha, 35c. lb.
Sampson Brand in Packages, 25c. Jersey Coffee in Packages, 25c.
Durham Coffee in Packages, 25c. Levering's Coffee, 25c. lb.
Cordova Coffee 1lb. pack 25c.

The Christmas trade in toys and presents promises to be large this season, and in consequence of such a demand we have laid in an immense supply of all kinds of toys and fancy goods suitable for presents for old and young. They are too numerous to mention them in detail, but we have dolls of all kinds and sizes from the 1c doll up to the $1.50 dressed doll. Fancy plush albums, very nice presents they make, and always acceptable, from 25c up to $1.50, and 75c and $1.00 albums are an exceedingly great bargain. Then we have tin toys, iron toys, mouth toys, such as lions, birds, dogs, cats, tigers, elephants, chickens, Noah's arks, block houses, games, picture books, dulcimers, violins, toy guns, toy pistols and Christmas trees, candies and Christmas tree ornaments of every variety, and some very beautiful ones from 1c up to 25c each. Toy candies for Christmas decorations and children's presents, 20c. lb. Fancy animals and birds in candy toys in every variety from 1c. each up to 15c. each. CALIFORNIA FRUITS, CANNED AND DRIED.

A Fostoria, Ohio, correspondent says: "Prosecuting Attorney James M. Robinson and Sheriff Viberg, of Fort Wayne, Ind., were in the city last Saturday to examine into the merits of the case of the state of Ohio against Marvin Kuhns on the charge of murder, and ascertain whether he can be convicted of the murder of W. L. Campaugh in this city. The officials, in company with Maj. Brown, repaired to the scene of the murder, and also had an interview with Conductor Jacobs, of the Hocking Valley road, and brakeman of this road in regard to Kuhns and Campaugh coming to this city together on the night of the murder. Mr. Jacobs says, he knows Kuhns well and that he accompanied Campaugh here that night, and that they got off the train together. After learning this and other evidence in the hands of the authorities, the Fort Wayne officers decided that a case could be made against Kuhns, and he will be delivered to our authorities. Gov. THE TABER TRACT.

An Exposition Stockholder Tells What He Thinks He Knows.

A stockholder in the exposition association remarked to-day that one of two things ought to be done and that done soon, too—the choosing of a site. He said that the Evans farm is practically out of the race, and there were only two more available sites that would give any satisfaction, and those were the Paul Taber tract and the Swinney park. The Taber land could be leased for $500 a year. It is not large enough but a portion could be procured of Lakeside for the purpose of enlarging it to the proportions needed. The Swinney park can be leased on easy terms also.

"Now mark you," said the exponent of exposition, "the Taber land is going to be the choice. Leasing is the best thing for our new association to do. The Swinney park is a favorable site but I am in a way to know that the Taber tract is considered the best choice."

Mr. Evans was seen by a SENTINEL reporter. "The association asked me to furnish them with additional right of way and I have done so. I have sifted the thing down and find that the majority are not in favor of my land, but this is due to 'influence' work. There is nothing else that I can see can be done on my part. I have certainly been fair and the actions of the association are certainly puzzling."
